Next Year Sale Dates:

May 14 & 15, 2021

Commission Rates

6% with minimum of \$50.00

No Sale fee \$100.00 and \$50.00 per box stall.

All out of state buyers should bring suitable bank reference, certified check, or cash.

All consignors are required to recommend their horses the way that they would want them recommended if they were the purchaser.

Horse Health Requirement

ALL horses MUST have a negative Coggins test within 6 months of sale. (AGID test will allow entry into Canada.) ALL horses must have health papers within 30 days of sale.

Terms

All consignments must have a new halter and lead rope, if not the sale committee will provide one and charge the seller at cost. No horse will be allowed to leave the grounds without full payment (indicated by a checkout slip.) All horses must be removed from the barn Saturday, the day of the sale, by 6:00 PM.

Guarantee

Each consignor will be held responsible for the guarantee of their animal. Guarantees to be announced when each animal is offered for sale. If no guarantee is offered the animal will be sold in “as is” condition. When the gavel falls you assume full responsibility of the horse. It is then your horse. There will be no return on the horse after it leaves the premises.

Liability

Everyone on the sale premises is cautioned to exercise reasonable care. Attendance at the sale shall be “at your own risk” for damages or injuries to animals or persons. The sale committee will not be held liable/responsible for injuries or accidents.

If questionable, all mares sold vet checked in foal must be checked at the buyer’s expense before leaving the fairgrounds. If found not to be in foal, it will be at the seller’s expense. All mares not vet checked in foal will be assumed to be open.

Hay, Bedding, and Feed

All consignors are responsible for their own feed and hay. First bedding will be provided.

Registrations

All transfer fees and or registration update fees shall be the full responsibility of the consignors or buyers. In no case does Morgan & Morgan Cross Sale take responsibility of these costs. Title passes at the fall of the auctioneer’s hammer, at which time all risks and responsibility for the horse passes to the buyer.

All horses hitched and driven after being sold are in full responsibility of the buyer.
